 - ✓ Benefit to Patient
 - ✓ Benefit to Field Staff
 - ✓ Benefit to District Supervisors
- 99DOTS workflow on Nikshay Dashboard

99DOTS is a low-cost approach for monitoring and improving TB medication adherence.

It can be utilized either as a supplement to existing DOTS programs, or to enable remote observation of doses administered by patients or their family members.

EASY CURE IP TB Cure PILLS

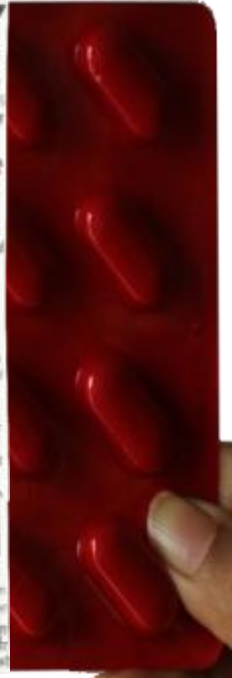

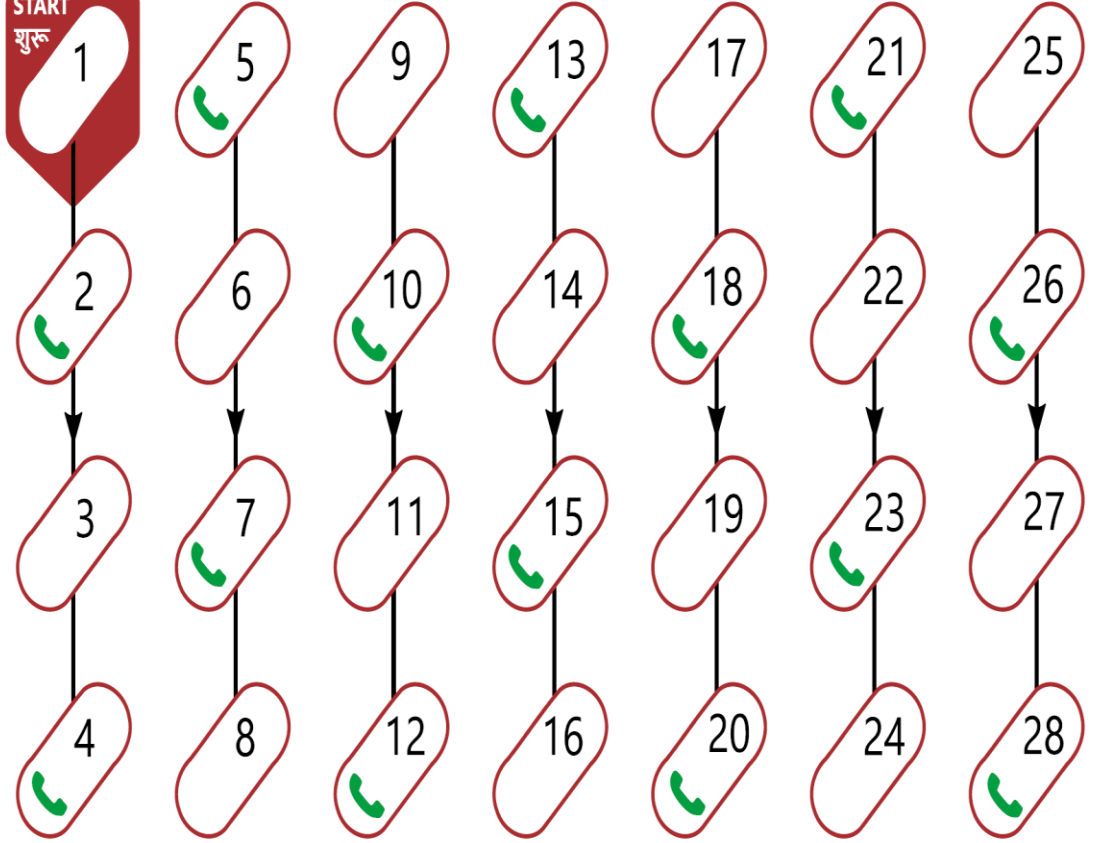

Every day, take pills
हर दिन गोलियां खाएं

Make a free call to any phone number you see after taking pills
दवा लेने के बाद, प्रकट हुए नंबरों में से किसी भी एक नंबर पर मुफ्त कॉल करें

Features of 99DOTS

- Calls are completely **free** for patients
- Calls can be made even when the patient has no pre paid balance or the mobile is in roaming area
- Any call from a registered patient number is marked as a dose taken (personal, shared, land line)
- Numbers are not unique, but appear in an unpredictable sequence – ensures pill-in-hand adherence
- When patients call, they hear “Thank you”
- Calls **immediately** show up in the dashboard as taken doses
- **Automatic alerts** and reminders to patients and supervisors for non-adherent patients
- Adherence records available to field staff, medical officers, district staff and all other stakeholders in the program

SMS Message:
Two of your
patients have
missed doses
today: Raj &
Om

Raj (979XXXXXX)
& Om (812XXXXXX)**

Benefits of 99DOTS

Patients

- Less travel
- Increased convenience

Field Staff/Supervisors

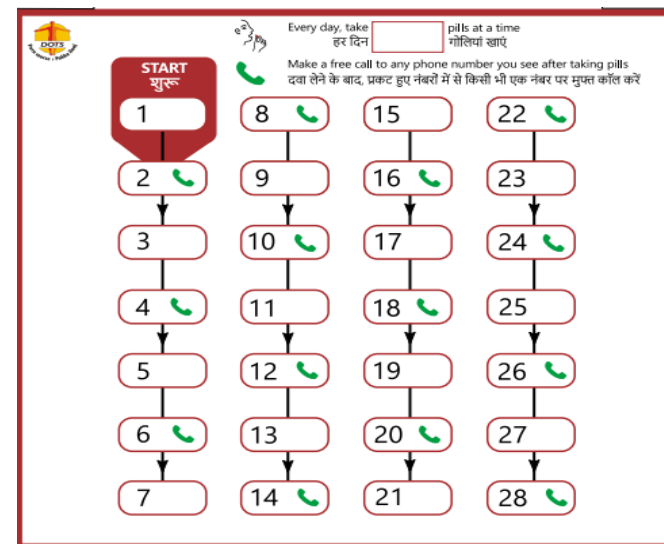

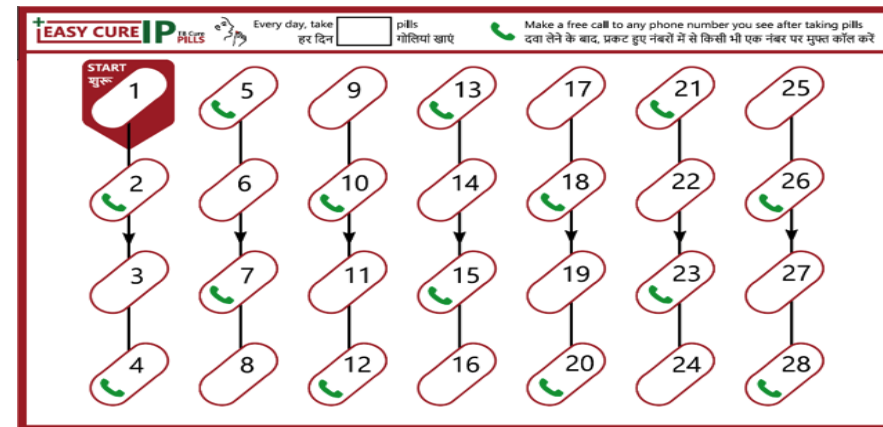

- Focused and more efficient care

Program Officers

- Easy monitoring
- Accurate reports

99DOTS Envelopes – Universal

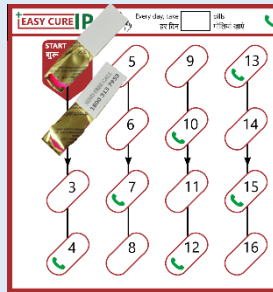

- Each patient gets the same sleeve, regardless of weight band
- Envelopes are available for both Lupin and Macleods types of FDCs
- Counselor/pharmacist should write number of pills/day patient should take on the envelope
- Every day, a patient will take prescribed number of pills and reveal 1, 2, or 3 hidden phone numbers
 - Patient should call any one number they reveal that day
- Patient should start at pill 1 and move in sequence (1,2,3...28), completing each column, and starting from the top at each row

Patient counseling of 99DOTS

99DOTS INFORMATION

- Take pills according to the arrow marks
- Call any one of the number revealed under the flap after you take pills
- All calls are free

- Everyday we monitor your calls
- We can see a **GREEN** colour box if you have called
- We can see a **RED** colour box if you do not call
